

No.	Testing (Products, Objects)
B01	Adhesives
B02	Agriculture
B03	Air
B04	Aircraft and space vehicles
B05	Boilers and pressure vessels
B06	Building and construction materials
B60	Cables and lines
B07	Civil engineering (roads, bridges, tunnels,..)
B08	Coating and surface treatment
B57	Compounds related to explosives
B09	Consumer products
B55	Conventional power plants
B10	Cosmetics
B61	Devices and equipment of information technology
B11	Drugs
B12	Electrical Electronical components, devices and equipment
B63	Feedingstuffs
B56	Fire protection equipment
B13	Fluid engineering
B14	Foods and Food analytics
B15	Furniture
B16	Gas
B17	Glass and ceramics
B18	Health care technology (included: Medical devices)
B19	Heating, cooling, ventilating equipment
B58	Household appliances
B20	Hydraulics and pneumatics
B21	Information processing systems / Software
B22	Jewellery
B23	Laboratory and scientific equipment
B24	Leather
B25	Lifting and handling equipment
B26	Lighting
B27	Machinery
B62	Materials testing machines
B28	Measuring instruments
B29	Mechanical systems and component
B30	Metals
B31	Military equipment
B32	Minerals
B59	Multimedia devices
B33	Nuclear applications
B34	Office appliances and business equipment
B35	Other non-metallic materials
B54	Other Products or set of products
B36	Package and equipment for distribution of goods
B37	Petroleum and coal products
B38	Photography
B39	Plastics
B40	Process control systems
B41	Pulp and paper
B42	Railway equipment

B43	Reference materials
B44	Road vehicles
B45	Rubber
B46	Shipbuilding
B47	Soil, Sludge, contaminated sites...
B48	Telecommunication equipment (TK), radio, TV
B49	Textile and clothing
B50	Vacuum technology
B51	Water
B52	Welding technology
B53	Wood
